What is this product?

Type

The Fund is an investment company incorporated as a société anonyme qualifying as a Société d'Investissement à Capital Variable. The Fund's value is dependent on the performance of the underlying assets and may go up as well as down. Any capital invested in the Fund may be at risk.

Objectives and Investment Policy

Investment Objective:

The Fund aims to provide income by investing in a portfolio of Euro-denominated corporate bonds for a limited term, while promoting environmental, social and governance (ESG) characteristics.

The Fund promotes ESG characteristics within the meaning of Article 8 of SFDR. More information on HSBC Global Asset Management's responsible investing policies is available at www.assetmanagement.hsbc.com/about-us/responsible-investing/policies.

Investment Policy:

The Fund invests a minimum of 70% of its assets in Euro-denominated investment grade and non-investment grade bonds and other similar securities issued by companies in developed markets.

Certain ESG rating criteria (ESG Criteria), which together with fundamental qualitative company analysis, are used to determine the Fund's investible universe, may include, but are not limited to: excluding issuers involved in the production of controversial weapons and tobacco; excluding issuers with more than 10% revenue generated from thermal coal extraction and coal-fired power generation respectively; conducting enhanced due diligence on bond issuers considered to be non-compliant with the UN Global Compact Principles or are considered to be high risk as determined by the HSBC's proprietary ESG ratings. After identifying the investible universe, the Investment Adviser aims to construct a portfolio with a higher ESG rating, calculated as a weighted average of the ESG ratings of the Fund's investments against the weighted average ESG rating of the issuers of the constituents of the reference benchmark. Please refer to the Prospectus for more details on ESG Criteria and excluded activities.

The Fund is intended to be in operation until end of 2027 (the "Term Date"). On the Term Date, the Fund will be liquidated, and shares of the Fund will be compulsorily redeemed at the prevailing net asset valuation per share.

The Term Date may be deferred for up to 3 months if the Board of Directors believes it is in the best interest of shareholders.

The Fund will seek to invest in bonds with a final maturity date close to the Term Date, aiming to hold them to maturity whilst actively monitoring and maintaining the portfolio.

As the term date approaches, the Fund's assets will increasingly comprise of cash and money market instruments.

The Fund may invest up to 20% of its assets in non-investment grade rated bonds at the time of purchase.

The Fund may invest up to 10% of its assets in other funds, including HSBC funds and may also invest in bank deposits, money market instruments for treasury purposes.

The Fund's primary currency exposure is to the Euro.

The Fund may also invest in derivatives and use them for hedging and efficient portfolio management purpose. Derivatives will not be used extensively for investment purposes. Derivatives may also be embedded in other instruments used by the Fund.

- The Fund may enter into securities lending transactions for up to 29% of its assets. However, this is not expected to exceed 25%.
- The reference currency of the Fund is EUR. The reference currency of this share class is EUR.
- Income is distributed.
- You may sell your investment on most working days.
- The Fund is actively managed and does not track a benchmark. The reference benchmark for the Fund is 80% ICE BofA 1-5 year Euro Corporate Index (ER0V)|20% ICE BofA 0-5 year Euro Developed Markets High Yield (HEDC).
- The Investment Advisor will use its discretion to invest in securities not included in the reference benchmark based on active investment management strategies and specific investment opportunities. It is foreseen that the reference benchmark will not be used as a universe from which to select securities.

Intended Retail Investor

The Fund may be suitable for investors with a medium term investment horizon and is intended for investors aiming for exposure to asset classes which may be subject to moderate volatility. The Fund may be suitable for investors looking for a core investment in their portfolio.

An investment in the Fund is only suitable for investors who are capable of evaluating the risks and merits of such an investment, and who have sufficient resources to bear any loss as the Fund is not guaranteed and they may receive back less than the amount invested. The Fund is designed for use as part of a diversified investment portfolio. Prospective investors should consult with their financial advisor before making an investment.

Term:

The Fund is designed to be held until the Term date: date yet to be confirmed.

What are the risks and what could I get in return?

Risk Indicator

1	**2**	3	4	5	6	7

Lower risk **Higher risk**

The risk indicator assumes you keep the product until the Term Date (to be determined).

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 2 out of 7, which is a low risk class. This rates the potential losses from future performance at a low level, and poor market conditions are very unlikely to impact our capacity to pay you.

Additional risks not included in the Summary Risk Indicator (SRI) include: Liquidity, Counterparty, Operational, Investment Leverage and Exchange Rate Risk. Please refer to the prospectus for other risks.

If we are not able to pay you what is owed, you could lose your entire investment.

Performance Scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended Holding Period: 4 Years **Investment of EUR 10,000**		**If you exit after 1 year**	**If you exit after 4 years**
Stress Scenarios	What you might get back	EUR 8,240	EUR 8,350
	Average Return each year	-17.61 %	-4.40 %
Unfavourable Scenario	What you might get back	EUR 8,760	EUR 8,940
	Average Return each year	-12.38 %	-2.75 %
Moderate Scenario	What you might get back	EUR 9,830	EUR 10,200
	Average Return each year	-1.75 %	0.50 %
Favourable Scenario	What you might get back	EUR 10,350	EUR 10,760
	Average Return each year	3.46 %	1.84 %

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. The stress scenario shows what you might get back in extreme market circumstances. The unfavourable scenario occurred for an investment between July 2021 and March 2023. The moderate scenario occurred for an investment between June 2017 and June 2021. The favourable scenario occurred for an investment between June 2013 and June 2017. A suitable benchmark was used where the Fund had insufficent history.

What happens if HSBC Investment Funds (Luxembourg) S.A. is unable to pay out?

The Fund's ability to pay out would not be affected by the default of HSBC Investment Funds (Luxembourg) S.A.. The Fund's assets are kept safe by the Depositary Bank and are segregated from the assets of other Funds. This means that the holdings of one Fund are kept separate from the holdings of the other Funds and your investment in the Fund cannot be used to pay the liabilities of any other Fund. There is a potential liability risk for the Depositary if the assets of the Fund are lost. The Depositary is liable in case of its negligent or intentional failure to properly fulfil its obligations pursuant to the 2010 Law.

In the event of a bankruptcy or insolvency of the Depositary Bank or other service provider, investors could experience delays (for example, delays in the processing of subscriptions, conversions and redemption of shares) or other disruptions and there may be a risk of default. The Fund is not covered by an investor compensation or guarantee scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment. For instance, if you invest in this product via a life insurer or capitalisation contract, this document does not take into account the fees of this contract.

Cost over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

Recommended Holding Period: 4 Years Investment of EUR 10,000	If you exit after 1 year	If you exit after 4 years
Total Costs	391 EUR	670 EUR
Annual cost impact % *	3.9%	1.6% each year

* This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 1.31% before costs and 0.50% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

These figures include the maximum distribution fee that the person selling you the product may charge up to 3.10%. This person will inform you of the actual distribution fee.
